DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On page 8 lines 19, 21 "another" has been changed to - a --

In claim 2 Line 6, "another" has been changed to - a --.

The above change has been made because the left hand portion contains only a single "hollow" so it is unnecessary and confusing to use the word "another".

Allowable Subject Matter

2. Claims 1-2 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or suggest a roller assembly or balance rod assembly having the detailed limitations in combination contained therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
